Welcome to Taiwan - the Kingdom of Plastics

Taiwan is often viewed as the Kingdom of Plastics due to its robust polymer industry. Polymers and composites from Taiwan underscore modern living with key roles that stretch across every industry and discipline including construction, ICT and the auto sector to weaving & textiles, packaging and medicines.

Taiwan as global 6th top exporter of plastics & rubber machinery

Taiwan punches well above its weight for price, quality, design and performance! These strengths are topped off by its agile cluster-syndicates, cross-sector integration and consolidated supply lines. They all let Taiwan rank among the giants as global 6th top exporter of plastics and rubber machines worth US\$1.122bn in 2015.

PLASCOM 3 highlights

Mega Petrochemical Companies exhibiting at PLASCOM

Three giants of the industry, Taiwan-based CPC Corp, Formosa Plastics and Chi Mei Corp are exhibiting. CPC (China Petroleum Co), Formosa and Chi Mei are mega vendors and enterprises. The presence of these three alone will attract global visitors.

PLASCOM at the heart of the Taiwan Petrochem & Polymer Cluster

Kaohsiung is home turf for a massive cluster syndicate of petrochemicals and polymer producers. PLASCOM brings you to manufacturing and logistics hub for Southeast Asia to unroll a complete supply chain of plastics, rubber and composites.

Comprehensive plastics, rubber and composites procurement platform

This show spotlights the complete supply chain with participating associations from leading associations representing plastics, rubber, composites and polymers.

Why PLASCOM?

- ▶ Professional B2B trade show
- ▶ Best new product announcement platform
- ▶ Seminars & Forums to network, discover and exchange
- ▶ Professional exhibitors and visitors for a deeper insight into Asian market
